Julio César Negrete Gutiérrez

Software Developer

Ecatepec de Morelos, México, Mexico

Summary

I am a dedicated student/professional who always strives to give my best and never gives up. Passionate about technology and the progress of humanity, I am committed to making meaningful contributions in these fields. Currently exploring new opportunities to apply my skills in a dynamic and collaborative environment.

Experience

National Research System CONAHCYT

Freelancer Automator Programmer

2023 - 2024 (1 year)

México

I developed software to automate report generation, personalized and automatic bulk email sending, evaluator assignment based on probabilities, and various office tasks.

UNAM

Planning Assistant, Database Management, and Automation

February 2023 - August 2023 (7 months)

México

I performed statistical analysis of management data, created and validated databases, updated the Information Analysis and Storage System (Web) platform, and designed and produced formats, promotional materials, forms, and videos.

Education

Universidad Nacional Autónoma de México

Computer Engineering · (2020 - 2024)
